LABORATORY TURNKEY SOLUTION

DESIGNING| MANUFACTURING| INSTALLATION

About Us

Lab&Life provides complete solutions for all your laboratory needs. We offer a full line of products featuring quality steel government markets since the early 2014's. Since each laboratory's needs are unique, we can design and engineer steel work surfaces and sinks. We have been serving the industrial, pharmaceutical, education, health care and products to meet your exact requirements.

CUSTOMER SATISFACTION IS LAB&LIFE'S FIRST PRIORITY

Delivering Industry-leading customer service is more than just words to the Lab&Life Team. We know that satisfied customers drive our success. We therefore provide our customers with the following key values:

QUALITY PRODUCT ON-TIME

Our competitive manufacturing lead times, along with our high on-time and complete shipment performance, provide our customers with reliable delivery of high quality products.

ADAPTABLE PRODUCT LINE

Our extensive modular product line permits our customers to readily configure the most productive solution to meet their specific requirements. Our flexible manufacturing capabilities allow convenient modification of standard components to fit the unique requirements of each laboratory.

COMPETITIVE VALUE

Our several decades of application experience allows us to provide productive furniture solutions to our customers. This experience, along with our high product quality, custom manufacturing capability, consistently strong service levels, and competitive pricing provide high value to our customers.

C
System

The mounting system based on type C frames is a modern and functional solution. This design improves working comfort by allowing, among others, freedom of movement between lab desktops
